MongoDB. Vue.js NUXTJS node.js Tailwind CSS pug Laravel MySQL docker Firebase

EXPERIENCES

2021 - Present

Android Developer

Quipper Philippines

Work closely with our cross-functional team of designers, product managers, and backend developers to create user-friendly and efficient mobile experiences for our customers.

2020 - 2021

Android Developer

Cebu Pacific

An Android project-based role where the main goal is to design and build an app adhering to coding standards and best practices, troubleshoot and debug issues, perform code reviews, and provide recommendations for code optimization.

2016 - 2020

Web Developer

Gcash/Mynt

Play a crucial role in developing and enhancing our web applications using Vue.js framework. Collaborate with our team of designers, backend developers, and stakeholders to create responsive and interactive user interfaces that provide an exceptional user experience.

ABOUT ME

I'm a versatile developer experienced in Android and Web development. With 10 yrs. of expertise, I specialize in creating efficient and user-friendly applications. I excel in native Android applications using Kotlin, as well as web development with HTML, CSS, and JS.
